

## Action Points to Include in Country Plan

What are our most critical priorities across thematic areas? How do they link to existing plans?

- Advocating for policy change to allow VHWs to dispense Zinc in the Community-2010 to 2015 National Child survival strategy already includes dispensing of Zinc by VHWs in the community.
- Revitalization of community technical working group and Task force
- Development of integrated job Aids for VHWs
- Revision of HMIS tools for the VHW program to ensure integration into the National HMIS- *Work has already started*
- Increasing Number of VHWs- *Plans are in place to increase the Number VHW*
- Increasing Human Resources for supervision of CHW-There is need to consider other supervision mechanisms e.g. Peer supervision EHTs and PCNs
- Develop standardized Tools for supportive supervision of VHWs.
- VHW Programme Review
